MagnaBlend[®] Frozen Beverage Blender

Experience the Revolution

Faster, smarter and better - the quick service blender of tomorrow has arrived. Designed to increase speed of service in every way, MagnaBlend redefines efficiency as we know it.

Speed of Service

Designed to increase speed of service in every way, a stunning 9-second blend time helps to consistently deliver delicious blended frozen beverages throughout all dayparts.

Integrated Design

The integrated shaved ice dispenser removes the need for employees to move back and forth between separate prep areas. Simply pour, blend and serve.

Simple Operation

User friendly keypad allows for 3 beverage profiles.

Ice Hopper

Standard ice bin holds approximately 13 lbs (5.9 kgs)of ice.

Blender Pitchers

BPA-free. Blends up to 2 - 16 oz. (473 ml) drinks at once. The MagnaBlend comes with two blending pitchers to maximize output. The international version (50/60Hz) of the blending pitcher comes with a top hand guard.

Breakthrough Magnetic Technology

Instead of relying on direct-contact gear mechanisms that can wear down, MagnaBlend eliminates friction by utilizing magnetic force. A sealed design locks out damaging moisture.

Specifications

Electrical

One dedicated electrical connection is required. See the electrical chart for the proper electrical requirements. Blender must be positioned within 5 feet (1.5 m) of electrical outlets.

Clearance

No additional clearance is required on either side of the unit for air inlet or discharge.

4 inches (100 mm) of clearance is required behind the unit to allow for proper routing of the drainage hardware.

12 inches (304 mm) of air clearance is required above the unit to allow for proper loading of ice into the ice hopper.

Drain

A drain is required. The drain must be able to accommodate a 1-1/8 inch (29 mm) diameter drain tube.

A minimum of 1 inch (25 mm) air gap is required between the end of the drain tube and the drain to ensure proper flow.

IMPORTANT: Install blender on a level surface within 10 feet (3.05 m) of drain.

Commercial Drop Ice

Commercial drop ice is recommended for maximum performance and drink consistency.

Options

• Extra-large ice hopper – holds approximately 28 lbs. (127 kgs) of ice.

Accessories

· Sound reduction door
